Re: Comments on 100 East: 300 South  
(Logan) to 1200 South (Providence), FEIS  
# 20070336

Dear Messrs: Waidehlich and Njord:

In accordance with our responsibilities and authorities under the National Environmental Policy Act (NEPA), and Section 309 of the Clean Air Act, the Region 8 office of the U.S. Environmental Protection Agency (EPA) has reviewed the Final Environmental Impact Statement (FEIS) for the Logan to Providence Project.

Our review found the FEIS responsive to EPA's concerns with the Draft EIS. Your responses to comments regarding PM 2.5 issues, including potential non attainment, are satisfactory.

If you have any further questions, please contact me at (303) 312-6004, or you may contact the lead reviewer for this project, Robin Coursen, at (303)312-6695.

Sincerely,

/s/

Remediation
